

**FCoE STANDARD ALERT: FCoE as a STANDARD is OFFICIAL as stated by the T11 Technical Committee**

On June 3<sup>rd</sup> 2009, the FC-BB-5 working group of T11 Technical Committee completed its work and unanimously approved a final standard for FCoE.

As a result, the T11 Technical Committee plenary session approved forwarding the FC-BB-5 standard to INCITS for further processing as an ANSI standard.

**This is a major milestone in the final ratification of FCoE.**

To schedule a briefing with FCIA in order to get further details and/or understand what this milestone means to the storage networking industry, please contact **Fred Monsone** via [fred.monsone@a3communications.co.uk](mailto:fred.monsone@a3communications.co.uk) and Tel +44 (0) 1252 875 203.
